Devils Meet St. Ann; Then Belle Glade

The league-leading Pahokee High Blue Devils, idle last week with an open date, travel to West Palm Beach tonight for a non-conference tilt with St. Ann's Crusaders.

Coach Webb Pell has warned his Blue Devils against overconfidence in this game, pointing out that four Crusaders made the first team and four others received honorable mention in the All-Catholic Conference 1954 football team.

On Wednesday night the Blue Devils will again don their uniforms for the traditional Thanksgiving Eve battle with the Belle Glade Golden Rams which is always a hard-fought contest with an upset often in the making. This last game of the season for both teams is of unusual interest and importance this year as the Belle Glade team is all that stands between the Blue Devils and the 1954 Suncoast Conference crown.

Rotarians Hear Pahokee Ag Teacher

Loren O'Neal, vocational agriculture instructor at Pahokee High School and advisor of the Pahokee Chapter, Future Farmers of America, was guest speaker at the Thursday luncheon meeting of the Pahokee Rotary Club. The speaker proposed that the club sponsor an advisory committee to the PHS vocational agriculture department. The committee consists of from three to 12 members approved by the County Board of Public Instruction. In the advisory committee plan is being practiced, he said. The club indicated its approval of the plan and its willingness to sponsor such a service.

It was announced Sen. Spessard Holland will be guest speaker at the Dec. 9th luncheon meeting of the club. This meeting will be held in the Community Hall at Canal Point and members of the Canal Point and Pahokee Lions Clubs will be invited to join the Rotarians to hear Sen. Holland's talk.

Plans were made to join the Pahokee Lions at their luncheon meeting in the Women's Club building Nov. 23, when Congressman Dwight Rogers will be guest speaker.

The club voted to skip its regular meeting scheduled for Thursday, Nov. 23, which is Thanksgiving.

YWA PROGRAM

The program at the meeting of the Young Woman's Auxiliary at the home of Miss Wynell Gillis Tuesday night was presented by Miss Betty Harrison, assisted by Miss Lory Ann Rockwell, Miss Jeanine Mock and Miss Mary Arthur Kirk.

Mrs. J. L. Repper and son, Joe, have returned from Pennsylvania where they were called recently by the illness of her father.

Local Marine Sees War Games First Hand

CERRY POINT, N. C.—Pfc. Earnest A. Tillman, Jr., son of Mr. and Mrs. (Buck) Tillman of Canal Point, with Second Marines, Second Marine Division, is participating in the Atlantic Fleet war games of more than 200 ships, plus Marine ground and air units involving 50,000 Navy and 26,000 Marine Corps personnel. The exercise designated Atlantic Fleet Exercise began early in October and will end Nov. 20th.

Pahokee Hospital Reduces Its Rates

Everglades Hospital directors in Pahokee has approved the administrator's request for certain rate reductions. Several charges were set to come under this reduction, among them were: charges for daily oxygen use; general anesthesia; and operating room charges for minor surgery.

Under the former charge the daily oxygen rate was \$24. Now it is \$18 for the first day and \$15 for each additional 24 hours; anesthesia under the old rate was \$30 and now it is \$22.50; the operating room was formerly \$17.50 and now the charge is \$12.50.

Administrator, Jesse W. Reel said that "This was done to give to the people in the area served by the hospital, a more equitable charge for the cost of the service rendered. Even with the continued high cost of food, medical and surgical supplies and equipment, the hospital is making no rate increases and shall continue to try to give the best possible hospital care at the lowest possible cost."

Here's Your Chance Help Needy Children

Tommy Kenney, of the Army Air Forces, son of Mr. H. C. Kenney of Bryant, is stationed in Japan. He and his squadron have adopted an Orphans' Home and he has asked his parents in a letter to send him all the clothes they can find for children from infant size up to 10 years.

The Methodist young people in Canal Point have taken up this project on Friday, Nov. 26. If you have something that Young Kenny and his buddies can use to make needy children happy, please notify W. E. (Bill) Johnson or Joe Parker. Your donation will be greatly appreciated.

Mr. and Mrs. Wiley Tillis have returned from a visit with her brother and sister-in-law, Mr. and Mrs. H. L. Jaudon, at Wauchula and other relatives at Fort Myers and Tampa.

County Commissioner Paul Rardin announced Wednesday the State Road Department will receive bids Nov. 30 at Tallahassee for construction of the final 8.2 mile stretch of Conners highway. Rardin said the new project will link Twenty Mile Bend with the ten mile portion of Conners highway, or SR 700, which has already been completed.

Rardin said the county has received a bid list from the State Road Department which shows that the Conners highway job—which was the county's No. 1 project for 1954—will be the only county work on which bids will be received Nov. 30.

Rardin and the Board of County Commissioners of Palm Beach County have worked incessantly since the first of the year in an effort to get the contract let. It looks now like Rardin and the Board have scored again!

He said he expected the road department would award the contract soon after the bids are received. The commissioner said the specifications call for eight inches of lime rock to elevate the road bed and a slag top finish. He ventured no estimate on the cost but said the 10-mile completed stretch—which did not call for the lime rock elevation—cost \$120,000.

Funeral Services For Crash Victim

Funeral services for Lalar Kathryn Cross, eight-year-old daughter of Mr. and Mrs. W. A. Cross, Jr., of Pahokee, were held Monday at the Episcopal Church of the Holy Nativity in Pahokee, with Father M. W. Hainlin, vicar, officiating.

The little girl was killed in a tragic accident around 11:40 Saturday morning on Larrimore Road back of the Pure Oil bulk station where she and a companion, Johnny Batson, age 12, were horseback riding. As the two children were riding their galloping horses down the side of the road, Johnny's lead horse swerved suddenly across the road in front of a van truck owned by Southern Distributing Company of Belle Glade and driven by Guy I. Lockhart of Belle Glade. Lockhart was able to miss hitting the lead horse but the second horse, following the first blindly, ran headon into the cab of the truck with such force that both the horse and its rider were killed instantly.

Survivors, in addition to her parents, include one sister, Marion Leigh, the paternal grandparents, Mr. and Mrs. W. A. Cross, Sr., and the maternal grandfather, Gene Botter, all of Pahokee.

Burial was at the Port Mayaca Cemetery. Wetherington's Funeral Home was in charge of arrangements.

Mrs. C. C. Cruthird was a patient at St. Mary's Hospital, West Palm Beach, the past week.

Fire Control Will Erect Building

The State Cabinet on Tuesday of this week awarded a contract to Bert Roemer of Belle Glade for \$27,990 to construct a shop and storage building for the Everglades Fire Control District on a plot of ground adjoining the Palm Beach County road department building north of Belle Glade on SR 15.

The Fire Control District secured the piece of land many months ago and the State Road Department built a bridge across the canal and hauled several yards of fill to make the spot a suitable building location for the new building.

The site of the county barn, under direction of County Commissioner Paul Rardin is one of the beauty spots of the Lake Region with its shrubbery and beautiful grass, which is kept mowed to a height that lends to the natural beauty of the surroundings.

FFA Group Seeks Advisory Council

Loren O'Neal, advisor of the Pahokee Chapter, Future Farmers of America, reported at a chapter meeting in the agricultural building Tuesday night that he attended a recent meeting of the Pahokee Rotary Club and asked the Rotarians to sponsor an advisory committee to the vocational agriculture department and the FFA Chapter at Pahokee High School. He said the Rotarians recognized the importance of such a committee in an agricultural community like Pahokee and some of the members expressed their willingness to serve on such a committee, though the club has yet to take formal action on the matter.

It was reported the chapter now has rooted croton plants in cans at its slathouse available for public sale and anyone in need of crotons is asked to contact Mr. O'Neal or James Usher, chapter president.

Progress was reported at the meeting in the clearing of chapter land preparatory to the planting of winter vegetable crops.

Following the meeting refreshments were served by a special committee composed of Val Galbal-don and others.

Cinematic Chatter

By Malcolm Millar

Hello everybody! If, as someone once remarked, all roads lead to Hollywood, Anne Francis, traveled most of them on her methodical journey toward stardom. Before finally reaching the film capitol, she had spent most of her life in preparation in front of a camera, microphone or the footlights. She was an established cover girl and magazine fashion model before she was five years old. She was a radio star at seven, was the first child actress to have her own television show, at twelve. And the "unknown" who was finally discovered by Hollywood had more than 2,800 performances to her credit. Anne was born in Ossining, New York, not far from Sing Sing Prison. Her mother is of Scottish descent, while her father's ancestors were English, Irish and French. Her great-great-grandfather was Trench Francis, aide to George Washington. She also traces her ancestry to Francis Scott Key on her father's side. The family moved to New York City when she was seven and enrolled Anne in Professional Children's School. After the seventh grade she was instructed by private tutors because of her off-hours modelling jobs and numerous radio programs. She made her first public appearance at the age of six months, posing for a calendar photographs. Before she was five she was modeling children's clothing and posing for toy and food advertisements for both the powers and canover agencies. Entering radio, she starred on a Sunday morning show over a national network. In 1941 she started starring in her own television show. Shortly after

she came to Broadway, playing Gertrude Lawrence as a girl. She came to Hollywood in 1946 and her climb to stardom has been continuous and rapid. See you at the movies—Mal.

McKenzie, III, and Michael McKinzie of Tampa, nephews of the bride-elect; Charles H. Powell, Knoxville, Tenn., and Dr. Samuel C. Tatum, Atlanta, Ga. Miss Guy will be given in marriage by her brother-in-law, George W. Erickson, Tampa.

The program of nuptial music will be presented by Jack Guy of Atlanta, organist, brother of the bride-elect, and Mrs. Hugh Branch of Pahokee, vocal soloist.

The ceremony will be followed by a reception in the Woman's Club building. No formal invitations are being issued but all friends are invited to both the wedding and reception.

Mr. and Mrs. Daniel Harrell entertained at the Pahokee city park Friday with an outdoor party for their small son, Bruce, on his third birthday anniversary.

The Buick Special—A Standout for 1955

SLEEK NEW STYLING and record-high horsepower make the Buick Special four-door sedan for 1955 a standout in the lower priced field. Its V-8 power plant has been increased to an all-time high of 188 horsepower which, with Buick's new Variable Pitch Dynaflo transmission, gives the Special performance and maneuverability unequalled by

any automobile in its field. Setting a new styling trend are a wide-screen grille and a roll-edge bumper with sturdy dual wing guards. For the first time, Buick's choice selection of power assists—power brakes, power steering, window lifts and front seat adjustment—are available as optional equipment on the Special.

SOCIAL SECURITY

Social Security representatives will visit the Glades area at various times during the next two months to answer questions arising from Glades farmers and farm workers in regard to the new Social Security provisions covering farm workers that goes into effect Jan. 1, according to R. C. Gehrken, Jr.,

director of the West Palm Beach office of Social Security. On Nov. 24 an SS representative will be at the Pahokee city clerk's office at 1 p. m., and on Dec. 22, again at the city clerk's office in Pahokee.

Mrs. Robert H. Hewell celebrated her 60th birthday, Tuesday, November 16.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 ... in 9 years and 8 months, you'll have \$2,860.70 ... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

**If you want to be paid
your interest as current income—
invest in 3% Series H**

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

A BRIGHT NEW FRESHNESS greets your eyes and tells you: Buick's done it again.

You see it in the bold distinction of that gleaming Wide-Screen Grille. You see it in the rakish sweep of the rear-end contours. You see it in the whole fore-and-aft newness of fleet-lined grace that marks Buick the beauty thrill of 1955.

New horsepower—up to 236

You learn more when you get the power story. Up to new peaks go the horsepower of every Buick V8 engine—a wallowing 188 hp in the low-price SPECIAL—a mighty 236 hp in the CENTURY, SUPER and ROADMASTER.

And it's new, more responsive, far abler power you can literally feel as you go.

But even bigger Buick news for

1955 is something more than style and power. It's what the "variable pitch propeller" now has done for Dynaflo Drive.*

Up goes performance—and gas mileage too

When you find it necessary to push the pedal to the floor board, you do more than call on the greatest high-compression V8 power in Buick history.

You do what a pilot does when he heads his plane down a runway.

You do in oil what he does in air—you cut down take-off time by using "variable pitch propellers."

In this case, the propeller blades are inside the Dynaflo unit. But they're engineered to swivel or change their "pitch" just like plane propellers—and with the same

result: one pitch for getaway, another pitch for gas-saving fuel efficiency.

And what you get in the way of instantaneous safety-surge with absolute smoothness, you can only believe when you feel it.

This you have to try

Of course, we want you to come and see the trend-setting new Buicks—look into the betterments in gasoline mileage that add new thrills to these spectacular cars.

But this year, "seeing" is only the beginning. So—while you join the crowds viewing the new Buicks this week end, make a date to get behind the wheel as soon as you possibly can. We promise you the thrill of the year.

Buick's New Front End Styling for 1955

BUICK'S FRONT END, long one of the most easily identified in the automobile industry, sets a new style fashion in 1955. It paces the trend toward a more compact appearance with a recessed hood, more massive bumpers and a completely new wide-screen grille. Two "bombs" protect the grille itself while smart new roll-edge wing guards shield the fenders and lights. Headlights are visored in

a distinctive fashion. The Buick tri-color medallion is located on a bar across the front of the grille, and the letters "B-U-I-C-K" in brilliant chrome grace the center of the recessed hood. The hood ornament, mounted on four concentric rings, symbolizes Buick's four great V-8 series; is bright chrome on the Special, Century and Super, and is finished in gold on the Roadmaster.

"Know Your County" Rardin Tells Lions

County Commissioner Paul Rardin spoke on "Know Your County" at the Tuesday luncheon meeting of the Pahokee Lions Club. The speaker said the State Road Department spent \$16,853,190 on the building and repair of highways in Palm Beach County from 1947 through 1953. The 1954 SRD program in the County included the replacement of the death-trap bridges in the Glades area with modern new concrete and steel bridges at a cost of \$580,000 and efforts are being made to have the remaining 10 miles of Conners Highway (SR 700) from Twenty-mile Bend west rebuilt as a part of the SRD November-December program this year, he said.

At the conclusion of his talk Rardin introduced Roy Michael, Jr., and Kenneth Foster, also members of the County Commission, who were visitors and spoke briefly. Rardin praised members of the commission for their close cooperation in working together for the welfare of the entire County and also commended DeWitt Upthegrove for the efficient manner in which he has revamped the registration department.

Granny Drives But Won't "Shift"

Saw Grandma Taylor parking her 1924 Franklin out front the other day. Neat as a pin, radiator and hub caps gleaming—the whole car is as shiny as the day she bought it 30 years ago.

Then I stopped and looked again—for there, hanging on the spare tire was a sign: "This car NOT for sale."

Asked Granny what was going on. "Joe," she says, "it's this crazy for old cars. Everybody wants to buy my Franklin. But it has served for years and it's not for sale at any price."

Christian Science Group Of Canal Point

How the spiritually correct view of God and man destroys anxiety and restores peace of mind will be brought out at Christian Science services this Sunday in the Lesson-Sermon entitled "Soul and Body." Scriptural selections include the following from Psalms (42:11): "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God."

Among the passages to be read from "Science and Health with Key to the Scriptures," by Mary Baker Eddy is the following (390: 4-9): "We cannot deny that Life is self-sustained, and we should never deny the everlasting harmony of Soul, simply because, to the mortal senses, there is seeming discord. It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony."

WHICH ONE DO YOU WANT?

you can have your dream house—this easy way:

A dream? Not at all. Thousands of people with modest incomes have been able to save the down payment, or the whole price, of the home of their dreams—because they invested in U. S. Savings Bonds on the Payroll Savings Plan. Look at the chart on this page. See how you can accumulate enough money for the down payment on a home. Or enough for your children's college education or a retirement income. *And by saving only a few dollars a week, too.*

The answer is that you save *systematically* on the Payroll Savings Plan. All you have to do is tell your pay office how much you've decided to save each payday (it can be as little as a couple of dollars). After that your money is saved for you, *before* you get your salary. Then each time enough has accumulated, it is invested in a Bond, and the Bond turned over to you.

And remember—your U. S. Savings Bonds now will bring you an average of 3% interest, compounded semiannually, for 19 years and 8 months. That's why the money you put into Bonds now grows to such a surprisingly big sum.

Why don't you start—today? Sign, where you work, for the Payroll Savings Plan. Or, if you're self-employed, have your banker enroll you in the Bond-A-Month Plan. It's as easy as the Payroll Savings Plan.

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save...	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save...	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. You can save any sum you wish; from a couple of dollars a payday up to as much as you want. The important thing is, *start your Plan today!*
